March 27, 2006

Greetings!

As you may know, the 17th Street Bridge Construction Project in Atlanta won the National Partnership for Highway Quality (NPHQ) State 2005 Special Recognition for a Structure Project Award. As described by the Executive Director of NPHQ, Bob Templeton, this was "an outstanding project and a textbook example of involving the public in their highway improvements and delivering a top quality highway".

As a team member on this project, please accept this certificate of recognition for your participation in this project. Thank you for your part in creating an award winning project. If you have any questions, please contact me at (404) 363-7512 or if you are interested in more information about the award, please visit www.NPHQ.org.

Sincerely,

A handwritten signature in black ink, appearing to read "Georgene M. Geary". The signature is fluid and cursive, with a large loop at the end.

Georgene M. Geary, PE.
State Materials and Research Engineer
